Recognized u/s 2(f) of the UGC Act 1956, New Delhi)

Outcome of the Program:

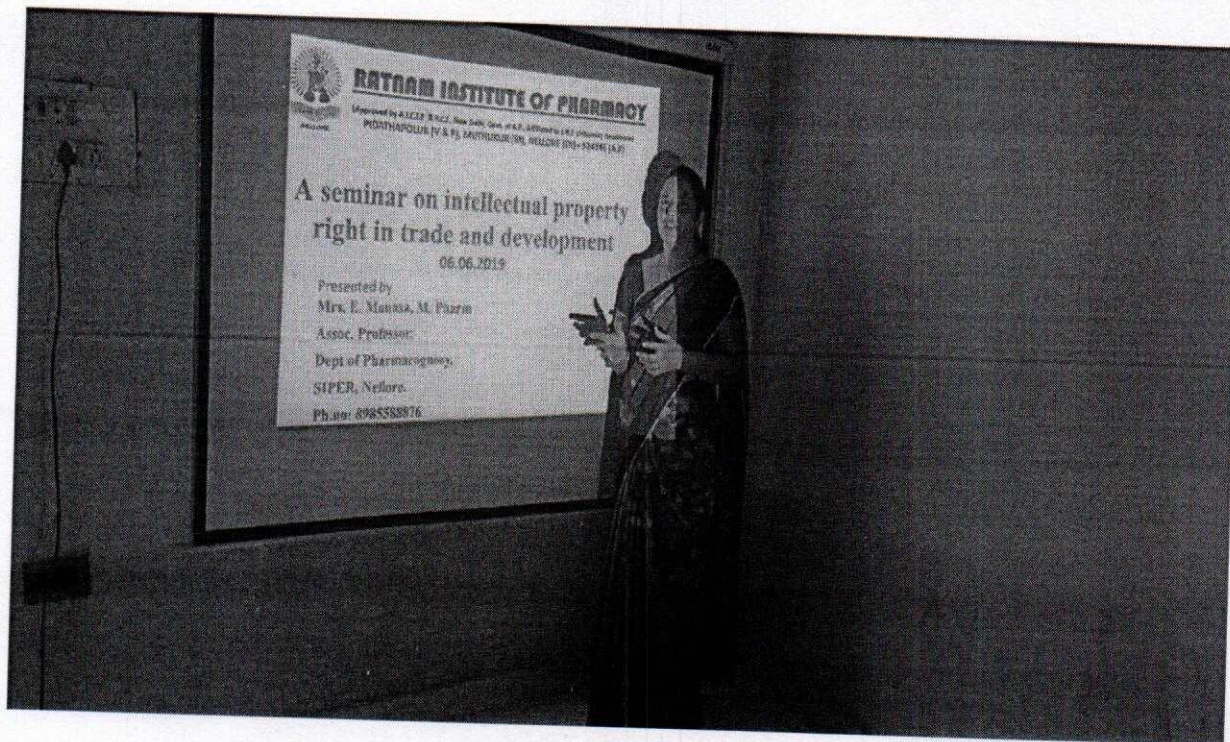

The participants gained knowledge on

Challenges of clinical research organization: how the obstacles include locating funding, responding to multiple review cycles, obtaining Institutional Review Board (IRB) approvals, establishing clinical trial and material transfer agreements with sponsors and medical centers, recruiting patients, administering complicated informed consent agreements,

Future prospects: Various multi-national companies are offering their research facilities in India, which result in an exponential rise in the clinical research industry.
