Date: 04/11/2021

IQAC, RIP held a staff meeting under the direction of the principal, to discuss the plans of action to be put into place for the feedback analysis on college facilities in response to stakeholder demands.

According to IQAC policy, stakeholder feedback is only deemed favourable if it receives a score of 90% or higher. If not, an action plan that is required must be put into place for additional improvement.

This feedback mechanism's goal is to monitor and consistently deliver all of the campus's amenities to the students.
