PROGRAM REPORT

Date: 6.12.2018

Name of the program : Three Days Program on “Entrepreneurship development”

Date : 03.12.2018 to 05.12.2018

Resource Person and Details:

Name : K. Sumanth kumar, M.Pharm

Designation : Associate Professor, Department of Pharmacology

Institute Name: Chavan's college of pharmacy

Place : Jangala kandriga, SPSR Nellore

Contact No: 9704902829

Mail Id: Sumanth.hexton@gmail.com

The Ratnam institute of pharmacy conducted a special section on Three days Program on “Entrepreneurship development” in seminar hall from 03.12.2018 to 05.12.2018. This program was initiated by our principal Dr.Gobinath with a motivational speech.

The main objective of the Program was to familiarize participants with the emerging ideas and trends on how to develop personality in the 21st century contexts. The entrepreneurs play pivotal role in the economic development of any country. They make use of the factors of production to the fullest advantage of the society, generate employment, create innovation, improve standard of living, develop backward areas, etc. which leads to higher economic growth. The jobs in the market are increasingly diminishing, so it is likely that in the future more people will make their living as entrepreneurs, especially small-sized entrepreneurs. Therefore, entrepreneurship education in Academic Institutions is significant from the point of view of developing education and society as a whole.

The session ended with Vote of thanks by Program Co-ordinator.

REPORT

Date: 16/03/2019

Name of the programme: A Three day program on “Effective Communication Skills for Professionals”

Date of the program: 11/03/2019 & 13/03/2019

The Ratnam Institute of Pharmacy organized a training program in the Seminar Hall from 03:00 PM to 04:00 PM for the students.

The training program started with addressing the gathering by Program Coordinator and welcome speech by Principal, followed by introducing the resource person **Mr. K. Shiva Prasad.**

Further the session started with explaining the pre-requisites required for the professionals for effective communication like inform good and bad news in proper way, instruct, persuade & request. He also explained different types of professional communication like verbal, non-verbal, written & visual. He also briefly explained the process of professional communication which includes use of oral, written, digital & visual forms of information in delivery in a work context.

He also briefly enlisted the professional communication skills like active listening, confidence, use of non-verbal clues & consciences etc. He also explained the different skills required for the improvement of communication skills for professionals etc. Total of 54 students actively participated in this program.

The program ended with a vote of thanks by the Program Coordinator, Principal, and Management of Ratnam Institute of Pharmacy to the resource person and the students for making this program successful.

REPORT

Date: 13/11/2018

Name of the programme: A Three day ICT program on “Drug Information Resources”.

Date of the program: 08/11/2018 & 10/11/2018

The Ratnam Institute of Pharmacy organized a training program in the Seminar Hall from 10:00 AM to 11:00 AM for the students of Pharm D & B. Pharmacy.

The training program started with addressing the gathering by Program Coordinator and welcome speech by Principal, followed by introducing the resource person **Mrs E. Rajani**.

Further the session started with giving the overview of drug information resources, which are current, critically examined, relevant data about drugs & its use in a given patient in a particular situation. She stated that they help in improving the patient safety, minimizing drug related issues in the patient & rational use of drugs by both physician & patient. She further added that they provide unambiguous data with a well-trained & registered clinical pharmacist.

She briefly explained internet sources of drug information like Search Engines, World Wide Web, virtual library, Google, Yahoo, Ask & Bing etc.....and advanced search keywords form journals from National Library of Medicine (NLM) & Medline etc..... She briefly explained different secondary drug information resources like MEDLINE, International Pharmaceutical Abstracts (IPA), Iowa Drug Information Service (IDIS) etc.... She further added the importance of tertiary sources which provide fairly complete overview of information on a specific drug which includes identification, drug interactions, and route of administration, patient counselling details, laboratory information, teratogenicity, breast feeding & Complimentary & Alternate Medicine (CAM). Total of 65 students actively participated in this program.

The program ended with a vote of thanks by the Program Coordinator, Principal, and Management of Ratnam Institute of Pharmacy to the resource person and the students for making this program successful.
