The Ratnam institute of pharmacy conducted a special section on Three days Program on " Emotional intelligence " in seminar hall from 08.12..2021 to 10.12.2021. This program was intiated by our principal Dr. M. Gobinath with a motivational speech.

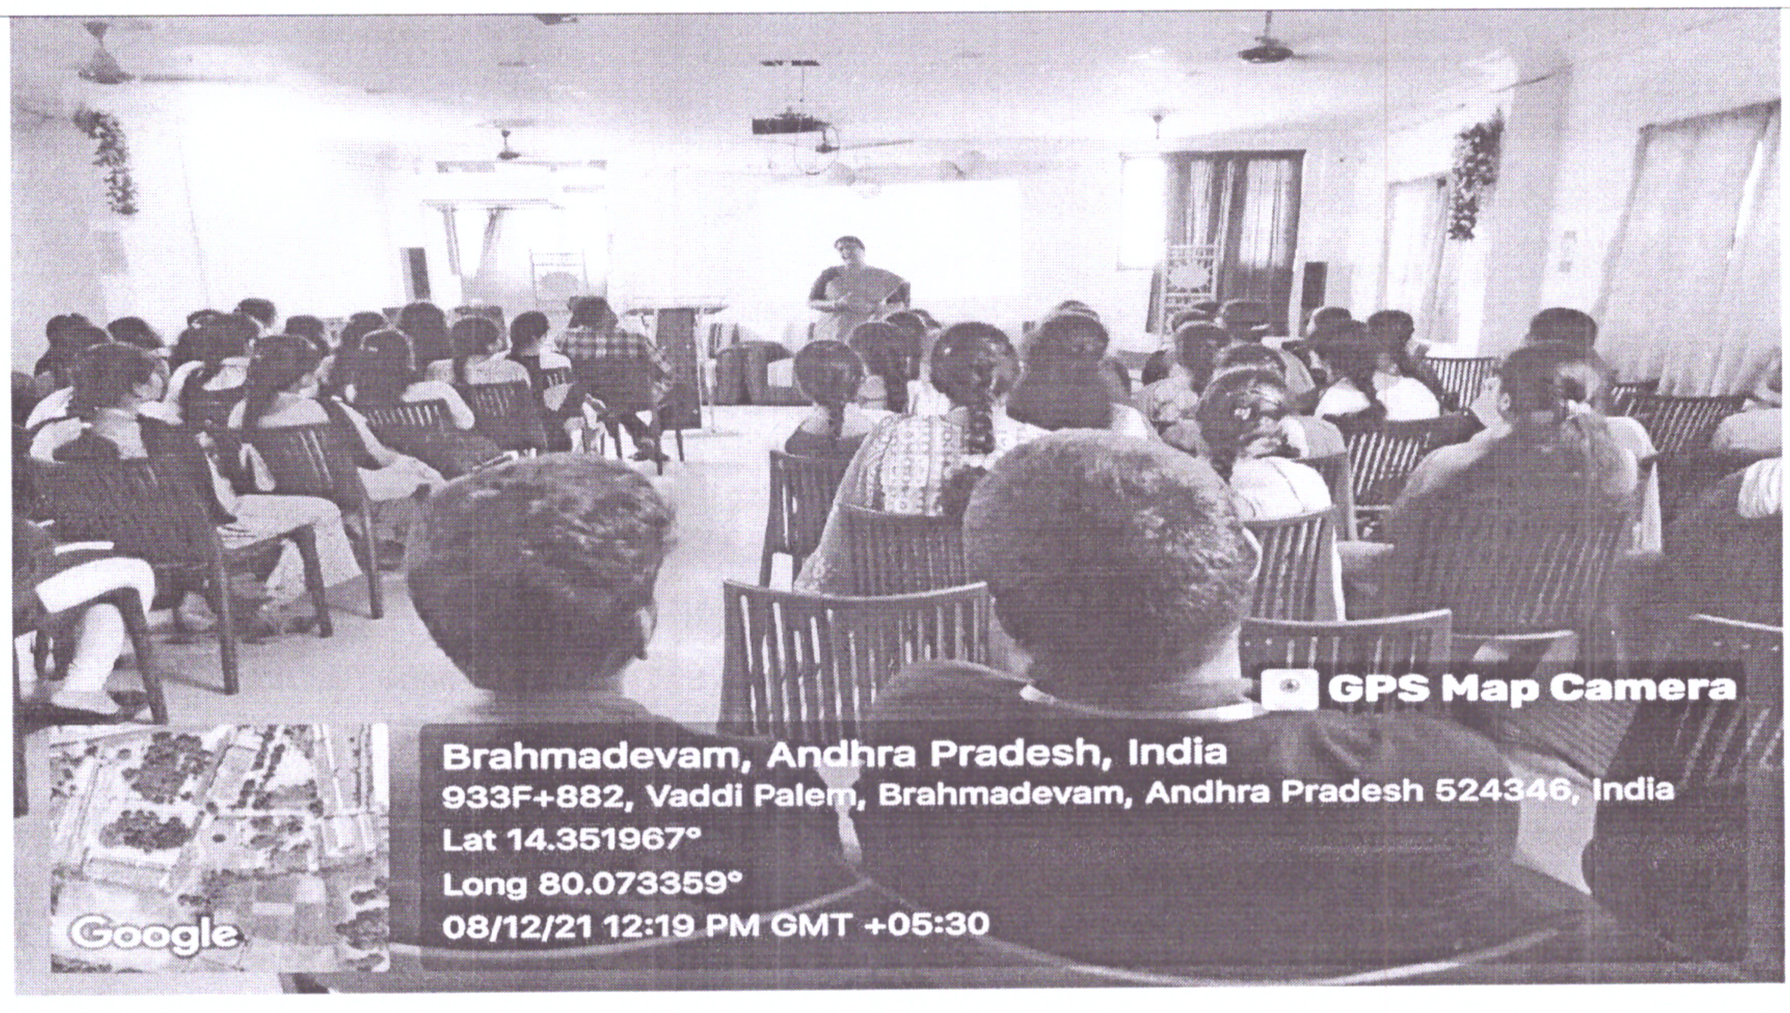

On that session students learn Importance of Soft Skills simply mean to measure or determine a person's ability in a particular skill or field of knowledge. The aim of Emotional intelligence is the ability to manage both the emotions and understand the emotions of the people. There are 5 elements are self awareness, self regulation, motivation, empathy and social skills.

The session ended with Vote of thanks by Program CO-Ordinator.

REPORT

Date: 18/12/2021

Name of the programme: A Three day program on **"Influence of language & communication skills on knowledge sharing & transfer"**

Date of the program: 13/12/2021 to 15/12/2021

The Ratnam Institute of Pharmacy organized a training program to improve communication skills in the Seminar Hall from 2:30 PM to 3:30 PM for all the students.

The training program started with addressing the gathering by Program Coordinator and welcome speech by Principal, followed by introducing the resource person **Mr. K. Shiva Prasad.**

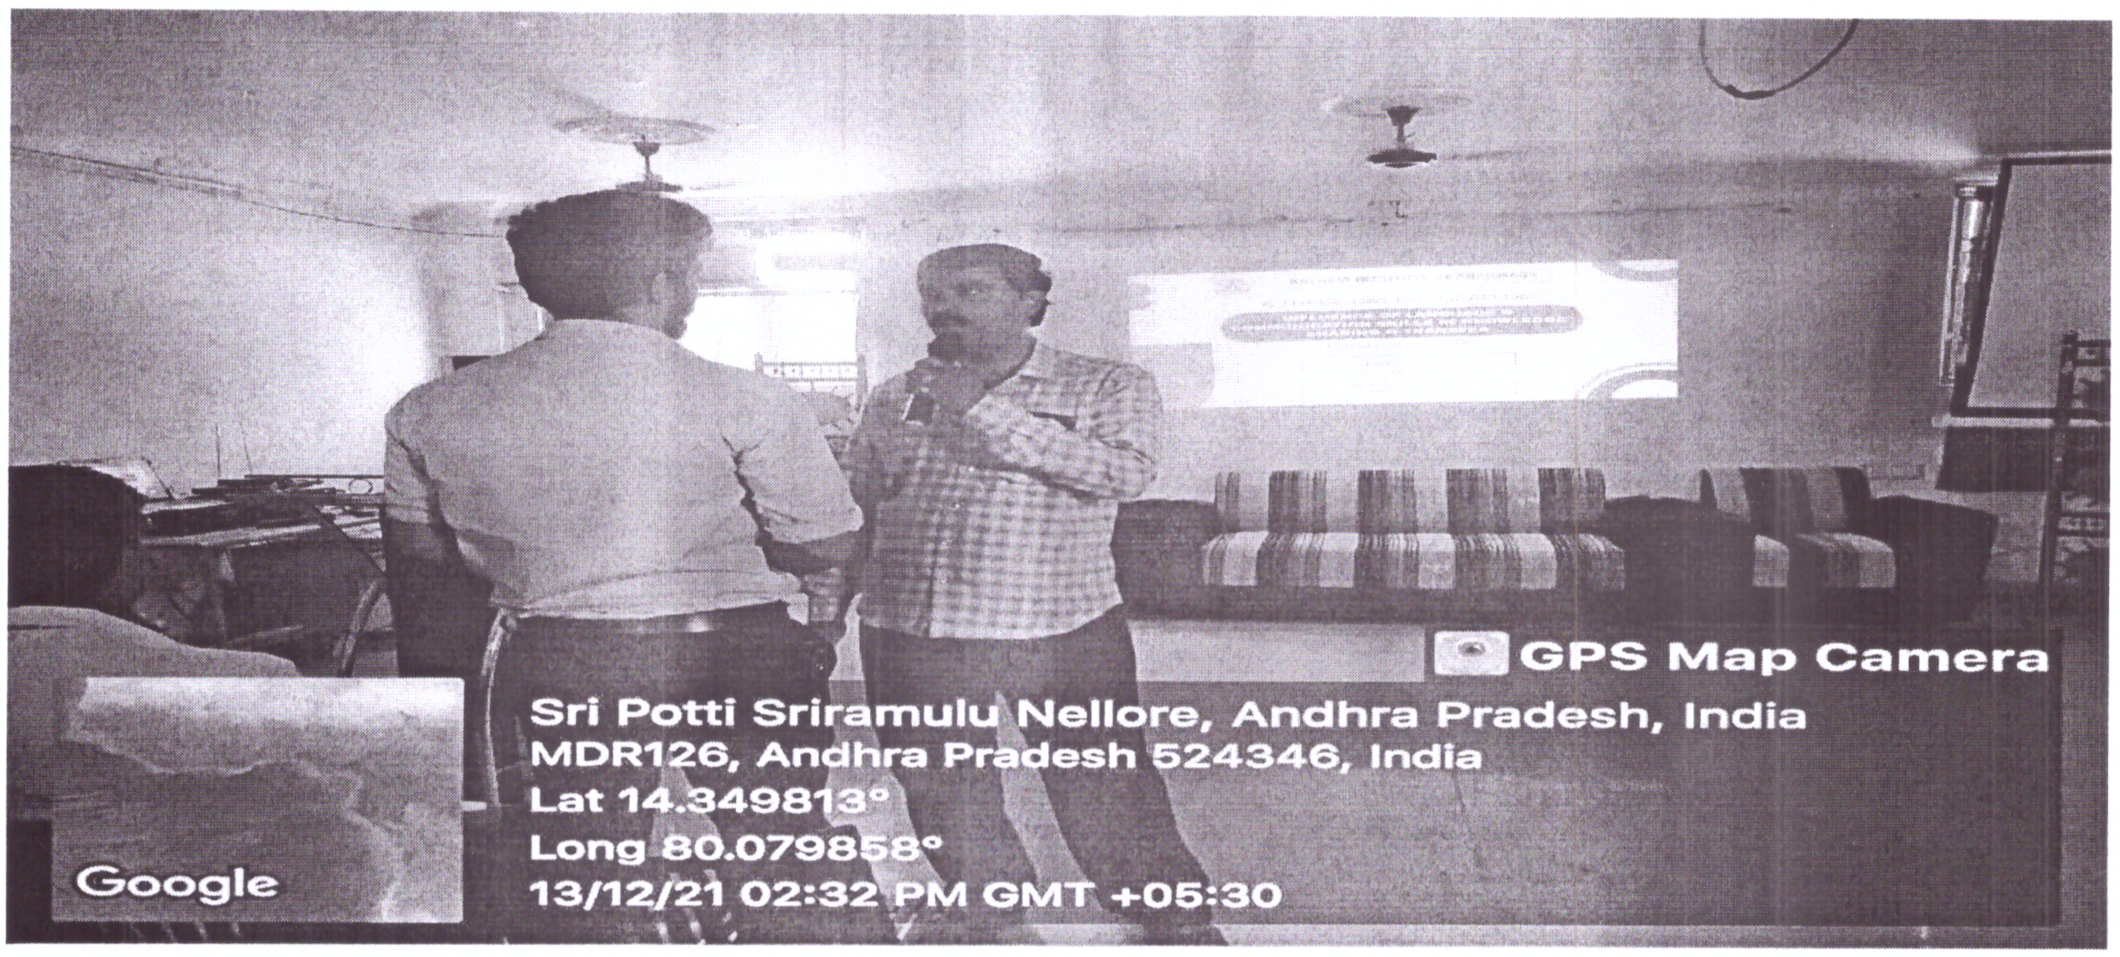

Further the session started by explaining different modes of communication and language. He further explained in detail how the knowledge is encoded by using a language and transmitted in the form of a message by sender through a proper communication channel. He also expressed his opinion regarding the face-face communication as the best mode which allows the sender and receiver to check meaningful sharing. He also explained the concept of knowledge sharing and transfer. He stated that the knowledge transfer as exchange of information between two different persons and within a community. He listed out the benefits & advantages of knowledge transfer and sharing by giving a few daily practice examples. He further stated that "knowledge sharing is not just a piece of information sharing but a provision or receipt of information". He listed out the different factors that influence the knowledge sharing and transfer like Face to face communication, trust of receiver and sender, Team work of organization etc.... Total of 61 students actively participated in this program.

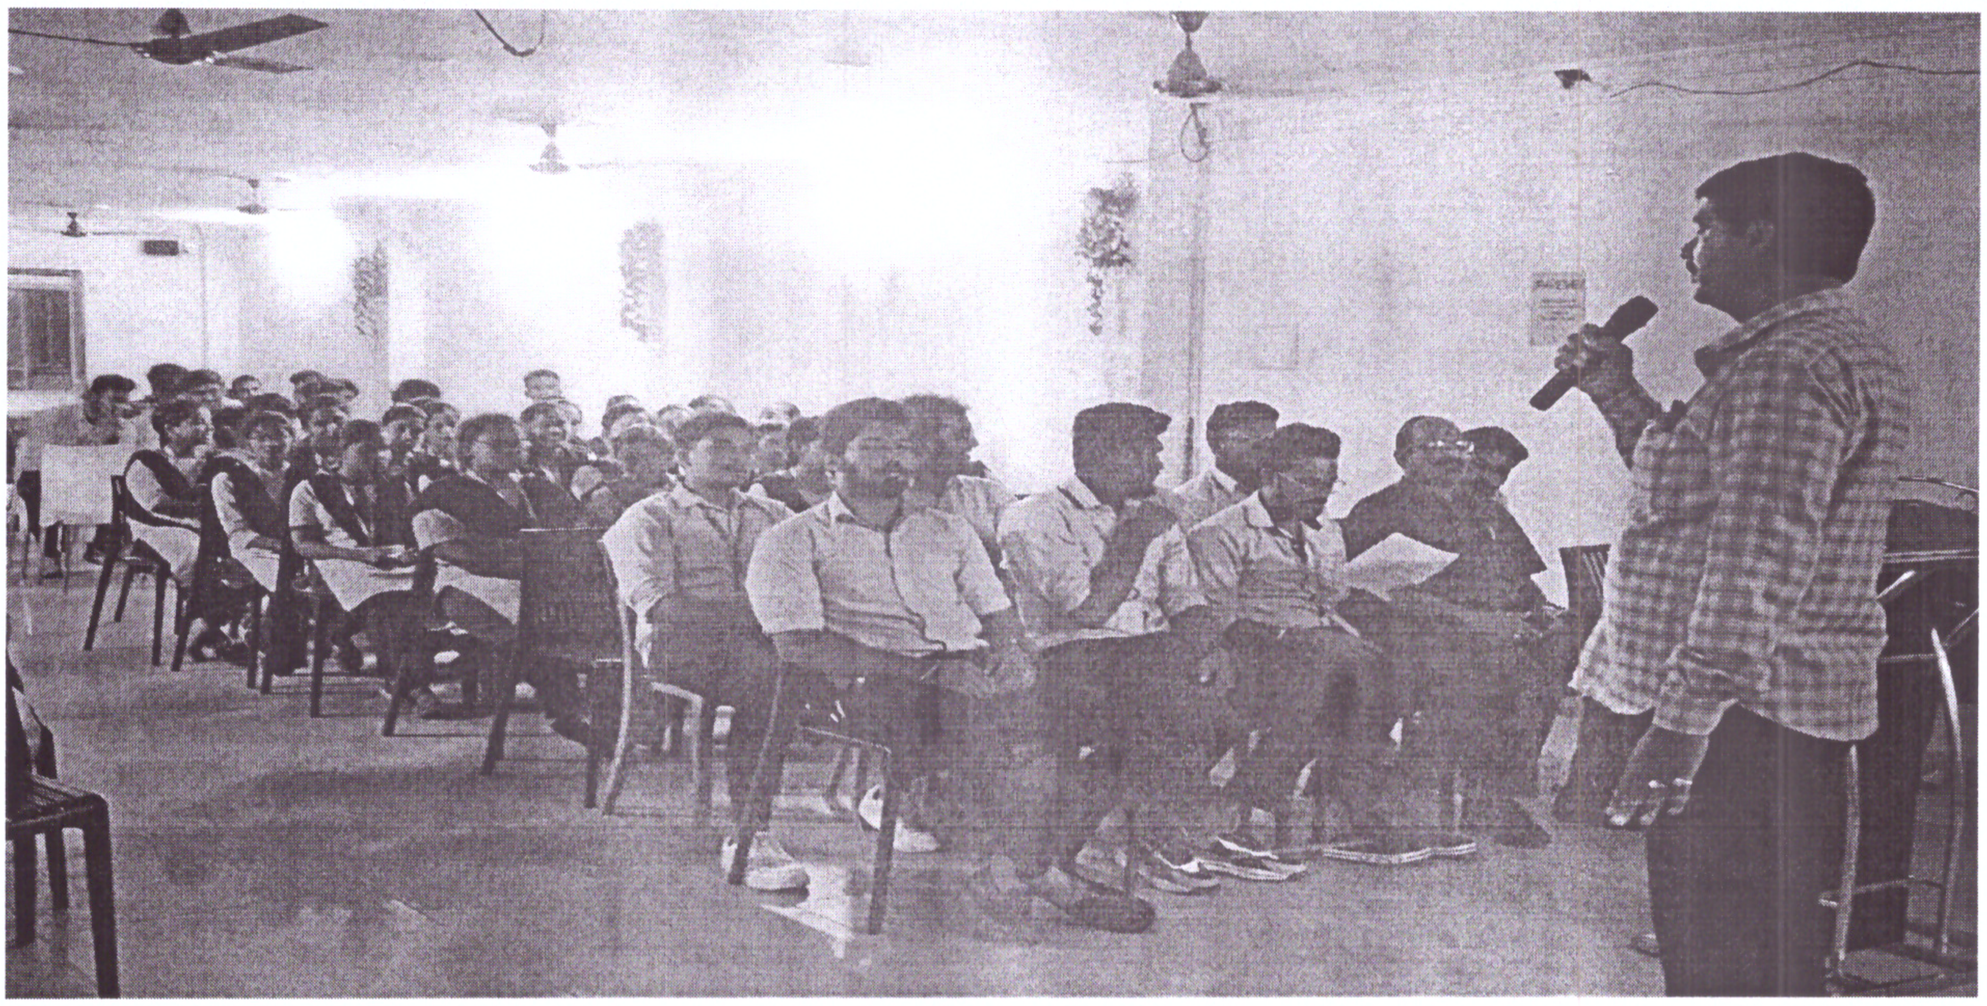

The program ended with a vote of thanks by the Program Coordinator, Principal and Management of Ratnam Institute of Pharmacy to the Resource Person and the students for making this program successful.

REPORT

Date: 01/03/2022

Name of the programme: **"A Three day** ICT training program on **"Role of ICT in Chemistry"**

Date of the program: 24/02/2022 & 26/02/2022

The Ratnam Institute of Pharmacy organized a training program in the Seminar Hall - I from 11:00 AM to 12:00 PM for the students of IVth year B. Pharmacy.

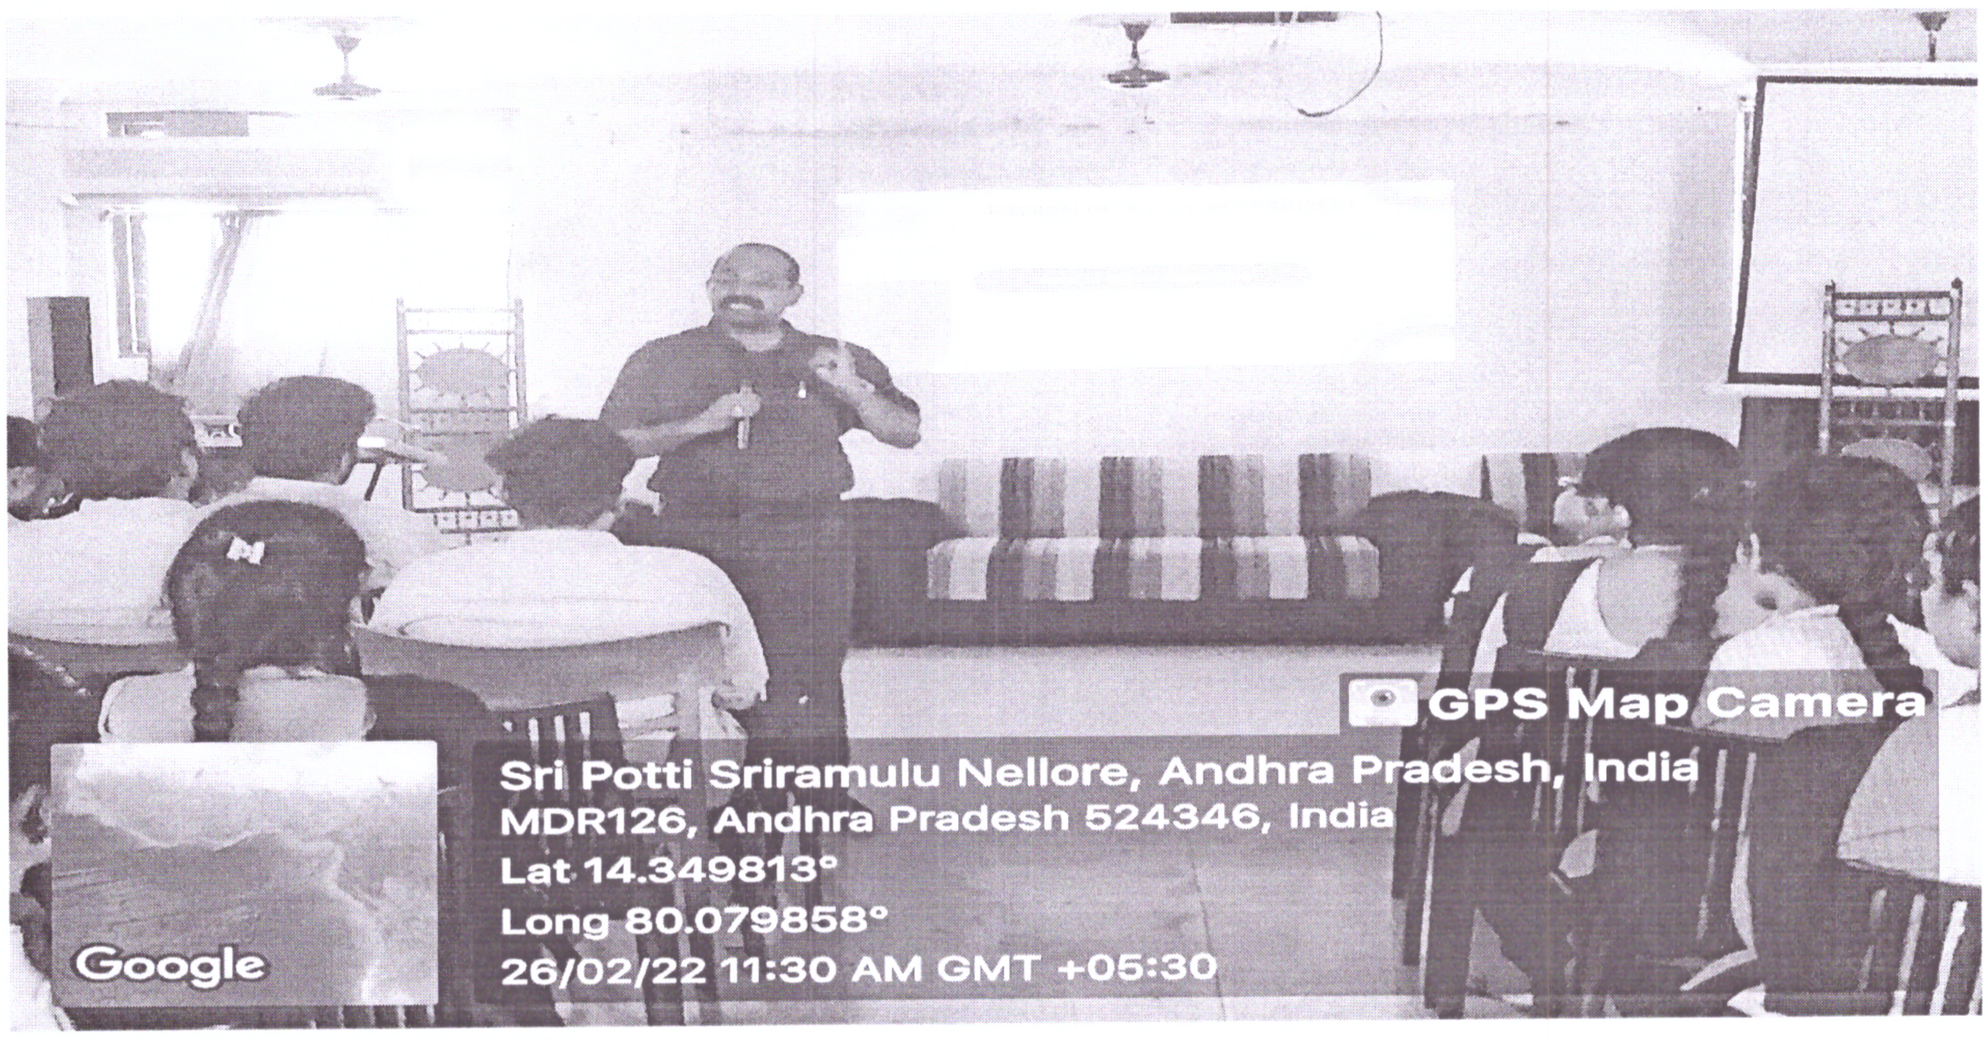

The training program started with addressing the gathering by Program Coordinator and welcome speech by Principal, followed by introducing the resource person **Dr. A. Srinivasulu**.

Further the session started by explaining the role of ICT in Pharmaceutical Chemistry. He added that ICT tools help in learning different courses through MOOCs, which minimizes costs and saves time, associated with information delivery & day to day tasks. He briefly explained the role of ICT in chemistry education in visualization of molecular structures, exploring chemical structures & store, and retrieving the data completely. He shared different visualizing modes, tools and chemical databases which help in drawing chemical structures. He showed the demonstration of online tools like Chemdraw & Chemsketch which helps in drawing chemical structures of various drugs and excipients. Total of 53 students actively participated in this program.

The program ended with a vote of thanks by the Program Coordinator, Principal and Management of Ratnam Institute of Pharmacy to the Resource Person and the students for making this program successful.
